Call For Papers

Third ACM International Workshop on Services Integration in Pervasive Environments (SIPE’2008)
http://sipe08.conf.citi.insa-lyon.fr/

at International Conference on Pervasive Services (ICPS’2008)
http://icpsconference.org/2008/

Sorrento, Italy, July 6-10, 2008

Important Dates
Submission of papers: April 25, 2008
Notification of acceptance: May 12, 2008
Camera-ready version of papers: May 30, 2008
Workshop date: July 6-10, 2008

Workshop scope

In the last years, service-oriented computing and pervasive computing are emerging as the next computing paradigms. Service-oriented computing allows to easily develop, publish and use software functionalities. Pervasive computing rests on mobile and/or embedded devices, available anywhere and anytime, that can potentially provide services. Bringing these two trends together raises the new challenge of integrating/unintegrating, in an application, non-predefined services just discovered in the pervasive environment.

Three main sub-areas of this challenge are tackled in this workshop:

- **Frameworks/Infrastructures for services integration**: different developing frameworks exist and can be used or modified to ease services integration; different deployment infrastructures also exist and can be adapted to take into account the pervasive nature of the environment.

- **Services interactions**: allowing non-predefined services to interact implies to have ‘smart’ and adaptive matching and communication mechanisms.

- **Dynamic combining of services**: because pervasive environments are highly dynamic, the integration of services needs to be aware of context changes to choose the more appropriate combining/deployment techniques.

**Topics of interests (but not limited to)**

- Developing frameworks for services integration
- Deployment infrastructures for services integration
- Semantic services discovery and matching
- Adaptive communication protocols for pervasive services
- Context-aware integration
- Aspect-oriented approaches in pervasive environments
- Services composition and choreography in pervasive environments
- Integration strategies
- Monitoring and management of services integration
- Contracting and negotiating approaches of integration
- Ontologies of integration
- Secure pervasive integration
- Business integration approaches for pervasive services
- Enterprise service integration
- Autonomic integration

**Paper Submission and Proceedings**

Authors are invited to submit original manuscripts, which should be written in English and with a very precise and concise presentation of no more than 6 pages in ACM format. Authors are invited to send their manuscripts as an attachment (PDF or PS format) by email to the workshop chair at frederic.le-mouel@insa-lyon.fr. Submission implies the willingness of at least one of the authors to register and present the paper. Workshop proceedings will be included in the edition of the ICPS conference published by ACM.

For further formatting details, please follow the link below for directions on how to format the camera ready version of your manuscript: [http://www.sheridanprinting.com/typedep/tcps.htm](http://www.sheridanprinting.com/typedep/tcps.htm)

**General co-Chairs**

Frédéric Le Mouël  
INRIA / INSA Lyon, FR  
frederic.le-mouel@insa-lyon.fr

Stéphane Frénot  
INRIA / INSA Lyon, FR  
stephane.frenot@insa-lyon.fr

**Technical Program Committee**

Yolande Berbers  
KU Leuven, Belgium

Tarak Chaari  
LAAS, France

Filip De Turck  
Ghent University, Belgium

Didier Donsez  
University Joseph Fourier, France

Stéphane Frénot  
INRIA / INSA Lyon, France

Nikolaos Georgantas  
INRIA, France

Sajid Hussain  
Acadia University, Canada

Noha Ibrahim  
INRIA / INSA Lyon, France

Julia Kantorovitch  
VTT, Finland

Rüdiger Kapitza  
FAU-Erlangen, Germany

Frédéric Le Mouël  
INRIA / INSA Lyon, France

Nicolas Le Sommer  
University of South Brittany, France

Jorge Parra  
IKERLAN, Spain

Pravin Pawar  
University of Twente, The Netherlands

Philippe Roose  
University of Pau, France

Ioanna Roussaki  
NTUA, Greece

Ichiro Satoh  
NII, Japan

Sotirios Terzis  
University of Strathclyde, United Kingdom

Andrew Tokmakoff  
Philips Research, The Netherlands
